GOLDEN OPPORTUNITY
FOR DIGITAL EDUCATION!

Office No. 17-19, Manik Moti Complex, beside Hotel Deep Palace, Lucknow, Uttar Pradesh 226001

BASIC COMPUTER OPERATOR COURSE

DURATION: 1MONTH - 2 MONTH | HOURS PER DAY: 1

DAYS/WEEK :3 (Monday, Wednesday, Friday)

MODULE 1: FOUNDATION

INTRODUCTION

- Theory: JSS objectives, activities, course introduction
- Practical: Discussion sessions, Q&A
- Outcome: Understanding of JSS and course structure

COMPUTER BASICS

- Theory: Computer classification, hardware/software concepts, internet basics, safety protocols
- Practical: Hardware/software demonstrations, startup procedures
- Outcome: Computer functionality knowledge

DOS

- Theory: Internal and external commands
- Practical: Command demonstrations and practice
- Outcome: DOS command proficiency

WINDOWS

- Theory: Windows environment, desktop features, file management, accessories
- Practical: Keyboard/mouse practice, folder management, Windows navigation
- Outcome: Windows OS competency

FIRST AID

- Theory: Life-saving emergency techniques
- Practical: Demonstrations with audio-visual aids
- Outcome: First aid application skills

MODULE 2: OFFICE APPLICATIONS MS WORD

- Theory: MS Office features, Word menus and options
- Practical: Command practice, file creation, feature application
- Outcome: Text editing, document formatting skills

MS EXCEL

- Theory: Spreadsheet concepts, cell formatting, graphs, advanced functions
- Practical: Lab exercises on Excel commands
- Outcome: Excel workbook proficiency

GENDER EQUALITY

- Theory: Gender bias awareness, women's rights, social challenges
- Practical: Group discussions, debates
- Outcome: Gender equality advocacy

MODULE 3: ADVANCED APPLICATIONS

MS Access

- Create tables & set relationships
- Use queries to find data
- Build forms for easy entry

PowerPoint

- Structure clear slides
- Apply themes & layouts
- Add animations & transition
-

Consumer Education

- Know your rights & duties
- Stay safe while shopping

MODULE 4: CONNECTIVITY & INTEGRATION

INTERNET & EMAIL

- Theory: Internet applications, connections, email management, web communication
- Practical: Email setup, sending/receiving messages, internet navigation
- Outcome: Digital communication competency

NATIONAL INTEGRATION

- Theory: Citizenship responsibilities, diversity, religious tolerance
- Practical: Patriotic activities, essay competitions, festival celebrations

Outcome: Cultural harmony understanding

MODULE 5: PROFESSIONAL DEVELOPMENT PROJECT WORK

- Theory: Professional training methodologies, communication skills, teamwork
- Practical: Client data management, service requests, data verification
- Outcome: Professional work readiness, data entry skills, workplace safety

Empowering Rural Roots: Golden Future Trust Bridges Vedic Wisdom with Digital Education

Donation of Computers to Kapileshwar Vaidik Gurukul Marks a Milestone in Rural Digital Literacy

Date: July 19, 2025

Location: Kapileshwar Vaidik Gurukul, Uttar Pradesh

Organized by: Golden Future Trust in collaboration with Homeopathic Research Foundation

In an inspiring initiative aimed at fostering digital literacy among students from rural and Vedic backgrounds, Golden Future Trust, in association with the Homeopathic Research Foundation, donated five computer systems to Kapileshwar Vaidik Gurukul on July 19, 2025. The event symbolizes a significant step towards integrating traditional wisdom with modern technology, setting a benchmark for inclusive education in India.

The ceremonial event was inaugurated by Mr. Shobhit Narayan Agrawal, Founder of Golden Future Trust, through a traditional deep prajwalan (lamp lighting), invoking auspicious beginnings and illuminating the path of knowledge and progress.

Office No. 17-19, Manik Moti Complex, beside Hotel Deep Palace, Lucknow, Uttar Pradesh 226001

Distinguished Presence and Words of Wisdom

The event witnessed the gracious presence of several esteemed guests and dignitaries who have been pioneers in their respective fields:

- **Dr. Anjali Gupta**, Senior Clinical Psychologist
- **Dr. A.K. Shukla**, Founder of Astha Hospital, known for his community health initiatives
- **Dr. Vivek Tangdi**, Founder of Kapileshwar Vaidik Gurukul, a key figure in preserving and modernizing Vedic education
- **Dr Suneet Agarwal** , medical expert and social contributor

Their presence not only added grace to the event but also encouraged the students and faculty alike, reflecting a shared commitment to nurturing future generations with values and vision.

Technology Meets Tradition

With this donation, the Gurukul now steps into a new chapter — embracing digital tools or Vedic and mainstream learning. The initiative aligns with Golden Future Trust's broader mission: to create a harmonious blend of culture and modernity, enabling students from rural and traditional backgrounds to stay rooted while soaring high.

Access to computers will empower students to explore subjects beyond the confines of their curriculum — from digital literacy and e-learning platforms to research and innovation. This fusion of Sanskar (values) and Soch (technology-driven thinking) is central to the Trust's philosophy.

Office No. 17-19, Manik Moti Complex, beside Hotel Deep Palace, Lucknow, Uttar Pradesh 226001

Empowering Young Minds through Free Foundational Computer Education

At Shree Hari Computer Training Centre, we believe that digital literacy is the foundation of modern learning and empowerment. In alignment with this vision, our centre has introduced Free Foundational Computer Classes for school students, aiming to make computer education accessible to every child, regardless of their background. The initiative has received an overwhelming response from students and parents alike, marking a significant step toward bridging the digital divide in our community.

The program is specially designed to cater to students from Class 1 to 12, ensuring that learners of all ages gain essential computer knowledge. The curriculum begins with basic computer concepts, introducing students to

parts of a computer, its functioning, and the importance of technology in daily life. Gradually, the training progresses to practical sessions where students learn to operate essential software applications such as Microsoft Word, Excel, and PowerPoint under the guidance of skilled instructors.

To maintain quality learning and individual attention, the classes are divided into two batches — the first from 3:00 PM to 4:00 PM and the second from 4:00 PM to 5:00 PM. Each session is conducted thrice a week — on Monday, Wednesday, and Saturday — with a duration of one hour per batch. This flexible schedule allows students from different schools and classes to participate without affecting their regular academic routine.

Office No. 17-19, Manik Moti Complex, beside Hotel Deep Palace, Lucknow, Uttar Pradesh 226001

The atmosphere during these classes is vibrant and enthusiastic. Students participate with great interest, showing curiosity and eagerness to explore the world of computers. From typing their first document to creating colorful presentations, each achievement is celebrated with smiles and pride. The trainers not only focus on technical skills but also encourage creativity, discipline, and teamwork among the learners.

The feedback received from students and parents has been extremely positive. Many parents expressed their gratitude for this free initiative, as it has helped their children gain valuable digital skills that will support them in higher education and future careers. For younger children, the program has sparked an early fascination with technology, while senior students have developed practical skills that will assist them in academic projects and professional growth.

Through these Free Foundational Computer Classes, Shree Hari Computer Training Centre continues to fulfill its mission of empowering youth through education and technology. The program stands as a shining example of our commitment to community development and inclusive learning, inspiring many young minds to dream big and move confidently in this digital era.

GOLDEN FUTURE DONATES COMPUTERS & LAPTOPS

Donates All-in-One Computer to Brahma Kumari Center

As part of its Corporate Social Responsibility (CSR) initiative, Golden Future presented an all-in-one computer to Dr. Anjali Gupta for the Brahma Kumari Center, Lucknow. The aim of this contribution is to enhance educational, training, and social service activities at the center through improved technology.

This initiative reflects Golden Future's commitment to digital empowerment and meaningful community service.

Donate one all in one computer to Dr. Anjali Gupta

Golden Future Donates All-in-One Computers to Brahma Kumari Center and Brahma Vidyalaya Ashram

**Donate one all-in-one Computer to Mahatma Shri
Parmeshwar Anand Ji**

As part of its Corporate Social Responsibility (CSR) initiative, Golden Future presented an all-in-one computer to Mahatma Shri Parmeshwar Anand Ji for the Brahma Vidyalaya Ashram, Nishatganj.

The aim of this contribution is to support educational, training, and social service activities at the Ashram by enhancing its technological capabilities.

Office No. 17-19, Manik Moti Complex, beside Hotel Deep
Palace, Lucknow, Uttar Pradesh 226001

This initiative reflects Golden Future's continued commitment to digital empowerment and meaningful community service.

Golden Future Supports Digital Education for Underprivileged Youth

As part of its Corporate Social Responsibility (CSR) initiative, Golden Future sponsored the enrollment of a needy student, Sumit, for digital education.

This step aims to empower him with essential computer skills, opening pathways to better learning and future opportunities.

Donate One Laptop to Sumit Kumar

Golden Future also proudly donated an All-in-One Computer System to Sachin Taliyan as part of our continuous efforts to promote digital education and empower local changemakers. This donation will support his work in providing better learning opportunities for students and help strengthen digital access in the community. We believe that technology can open doors to knowledge and progress, and

this small contribution reflects our commitment to building a brighter and more connected future.

Donates an All-in-One Computer System to Sachin Taliyan

Promoting Digital Literacy through Computer Donation to Navchetna Samiti

In a remarkable step towards empowering education and bridging the digital divide, Golden Future, under the guidance of Mr. Shobhit Narain Agarwal, has donated two computer systems to Navchetna Samiti. This initiative aims to support digital learning for underprivileged students and to strengthen their access to modern educational tools.

Golden Future Donated two Computer To Navchetna Samiti

The donated systems will be utilized to conduct regular computer literacy classes, enabling students to acquire essential digital skills that are vital in today's world.

ASSETS

Infrastructure and Assets of Shree Hari Computer Coaching Center

Computer & Technology Equipment

- Five Normal Computer Systems
- Three Advanced Big-Screen Computer Systems
- One All-in-One Computer System

Connectivity & Office Equipment

- High-Speed Wi-Fi Internet Connection
- Telephone Facility
- Printer

Power & Comfort Arrangements

- Power Inverter (for uninterrupted electricity)
- Air Conditioner (AC)
- Proper Lighting Arrangements
- Water Camper

Modern Infrastructure and Learning Facilities

Our computer coaching center is well-equipped with modern infrastructure to ensure a secure, efficient, and technology-driven learning environment. The institute presently houses five standard computer systems, three advanced big-screen computer systems, and one all-in-one computer system, providing students with hands-on experience across a variety of digital tools and technologies.

To maintain smooth operations, the center is supported by a high-speed Wi-Fi internet connection, telephone facility, and a printer for printing learning materials, documents, and student assignments. We also have a power inverter, air conditioner, and proper lighting arrangements to create a comfortable and uninterrupted learning atmosphere. Additionally, a water cooler is available to ensure clean and cool drinking water for students and staff.

The classrooms are furnished with benches and chairs to provide a comfortable seating arrangement and a whiteboard to make teaching more interactive and engaging. For enhanced student safety and discipline, the entire premises are monitored through CCTV cameras ensuring a secure and well-supervised environment.

Overall, our coaching center is fully equipped with all essential facilities that promote digital literacy, ensure student comfort and safety, and create a modern, resourceful atmosphere for effective learning.

HAPPY CHILDERS DAY

Children's Day Celebration

Shree Hari Computer Training Centre celebrated Children's Day with a series of engaging activities aimed at encouraging learning, creativity, and confidence among students. The entire event was conducted in a joyful and disciplined manner, ensuring active participation from all students.

Speech Competition

Students prepared and delivered short speeches on Children's Day and its significance. Many participants spoke confidently, showcasing their communication skills.

Winner: Shanvi, who delivered the most expressive and well-structured speech.

Shanvi got prize in speech Competition

All Children With Computer Teacher Shantanu Dixit

Quiz Competition

A computer quiz of 20 questions was organised to test students' basic computer knowledge, shortcut keys, and general understanding of the subject. Students participated with great enthusiasm.

Results:

1st Place: Shanvi Gupta – 15/20

2nd Place: Aarav Jooly – 14/20

3rd Place: Akshita – 14/20

Office No. 17-19, Manik Moti Complex, beside Hotel Deep Palace, Lucknow, Uttar Pradesh 226001

Shanvi got first prize in quiz

Aarav got second prize in quiz

Akshita got third prize in quiz

Drawing Competition

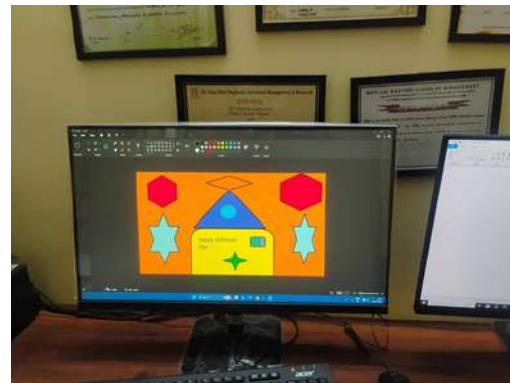

To promote creativity, a drawing competition was conducted where students made beautiful and imaginative artworks. Their drawings reflected originality, neatness, and good colour sense.

Winners:

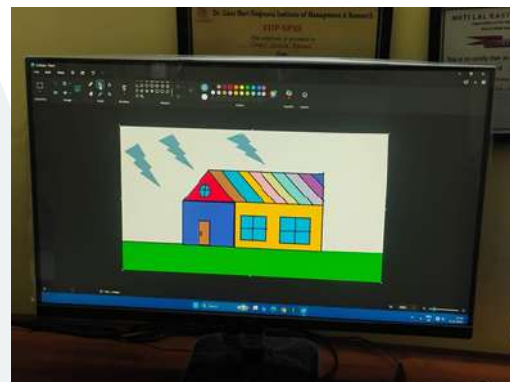

1st Place: Vivan

2nd Place: Namish

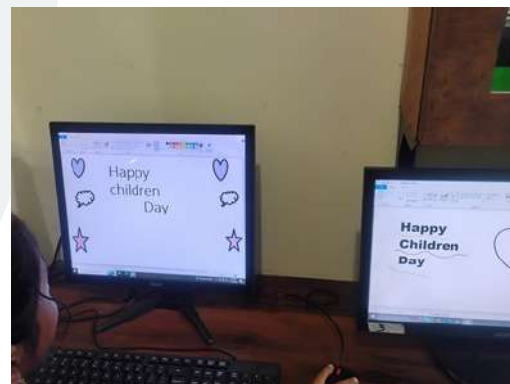

3rd Place: Avika

Raj Bhavan Flower, Fruit & Vegetable Show 2026 Visit

On 8 February 2026 The team of Shree Hari Computer Training Centre visited the Raj Bhavan Flower, Fruit & Vegetable Show 2026, a vibrant exhibition celebrating nature, creativity, and horticulture. The event featured a wide variety of seasonal flowers, artistic plant arrangements, and beautifully curated displays that highlighted the dedication and innovation of gardeners and horticulture experts.

Walking through the exhibition was a refreshing and inspiring experience. The colourful blooms, eco-friendly concepts, and creative presentations reflected the harmony between nature and art. This visit provided a wonderful opportunity to appreciate the beauty of nature and gain inspiration from the passion and hard work behind horticulture.

Office No. 17-19, Manik Moti Complex, beside Hotel Deep Palace, Lucknow, Uttar Pradesh 226001

A day surrounded by colours, creativity and nature's beauty. From vibrant seasonal blooms to beautifully arranged floral displays, every corner of the exhibition was truly mesmerizing.

The event showcased the passion, hard work and artistic vision behind horticulture, leaving us inspired by the power of nature and creativity.

On 8 February 2026, our team continued exploring the Raj Bhavan Flower, Fruit & Vegetable Show 2026 and spent quality time observing different sections of the exhibition. The neatly arranged pots, vibrant colours, and fresh surroundings created a peaceful and joyful environment.

Office No. 17-19, Manik Moti Complex, beside Hotel Deep Palace, Lucknow, Uttar Pradesh 226001

their assignments. Their ability to grasp new topics and apply them in practical tasks has noticeably improved. I also appreciate their enthusiasm in participating in interactive activities and resolving queries without hesitation.

Overall, the positive changes in their learning attitude and performance reflect their hard work and dedication. I believe with consistent practice and proper guidance, they will continue to progress even better.

- Shantanu Dixit [Computer Instructure]

Sumit Verma

As an instructor, I would like to express my observations about the students' growth and engagement during the recent computer training sessions. The students have displayed a steady improvement in understanding the subject, especially in areas like keyboard practice, MS Office applications, and basic digital skills.

I have noticed that students are becoming more disciplined, attentive, and cooperative during class activities. Their willingness to learn and ability to follow instructions have strengthened over time. Additionally, the quality of their practical work has improved, demonstrating better accuracy and confidence.

The overall classroom environment is productive, and the students' progress is clearly visible. With continued practice and regular attendance, I am confident they will achieve even higher levels of proficiency.

- Sumit Kumar [Computer Instructor]

Parents Feedback

Asish's Mother

As Ashish's mother, I am truly delighted with the positive change I see in my child after joining Shree Hari Computer Training Center. His confidence, discipline, and interest in learning computers have grown beautifully. I appreciate the supportive environment and the dedicated guidance provided by the instructors. Thank you for helping him progress so well.
