

GOLDEN FUTURE

PUBLIC CHARITABLE TRUST

Golden Future is a Public Charitable Trust based in Lucknow, working to empower individuals and communities through free education, mental-health support, digital skills, career guidance, emotional wellness and community development.

GOLDEN FUTURE

Golden Future is a Public Charitable Trust built on the principles of compassion, integrity, empowerment and accessibility.

Our journey began in 2008 with career guidance and counselling. Over the years, by listening to the changing needs of individuals and communities, our work expanded into a wider family of social initiatives — including a school for underprivileged children, a computer-training centre, mental-health and counselling services, and Human Values retreats.

We believe that every individual deserves the opportunity to:

- 1. Learn*
- 2. Grow*
- 3. Discover their potential*
- 4. Make informed decisions*
- 5. Develop meaningful skills*
- 6. Receive emotional support*
- 7. Live with dignity and confidence*

Our Mission

To guide and support people in making informed decisions about their future and nurture emotional wellbeing, so that everyone — regardless of socio-economic background — has the knowledge, confidence and care to shape their own golden future.

Our Vision

Empowered Minds. Healed Hearts.

We envision a society where quality education, mental-health support and skill-building reach those who need them most, helping bridge social divides, strengthen communities and create a brighter, kinder and more equitable future.

WHY OUR WORK IS NEEDED

The Challenges We Are Working to Address:

A person's future can be shaped by circumstances beyond their control. Many children, young people, women and families need greater access to:

WHAT DO WE DO

Our Core Areas of Work

Quality Education

Children from underserved communities may lack access to educational resources, supportive learning environments and opportunities that help them build confidence and foundational skills.

Digital Literacy

In an increasingly digital world, lack of access to computers and practical digital skills can become a barrier to education, employment and participation in modern society.

Mental Health

Stress, uncertainty, self-doubt and emotional challenges can affect students, professionals, families and communities. People need safe, compassionate and confidential spaces where they can seek support.

Human Values & Well-being

Modern life can be fast and demanding. People also need opportunities to pause, reflect, reconnect with values and develop emotional resilience.

The school operates within Seva Bhawan at Naubasta Khurd, Gayatri Nagar, Madiyavn, and has worked to support children who previously lacked opportunities to attend school.

What We Provide

- Free quality schooling
- English proficiency and confidence building
- Character and values education
- Notebooks and books
- Uniforms and learning materials

- Health and dental camps
- Cultural celebrations
- Sports
- Art & craft
- Music and singing
- Life skills
- Fun learning

What Children Learn

- Hindi | English | Mathematics | Sanskrit | Foundation of Advanced Science | Computer

along with:

- Sports | Art & Craft | Music | Singing | Life Skills | Fun Learning

Our Future Plans

Golden Future is working to expand educational access into underserved communities, including a new branch in Kakori, while planning additional learning opportunities such as:

- Sanskrit

2. Sponsor learning materials.
3. Support teachers.
4. Support infrastructure.
5. Help us reach more children.

DIGITAL EMPOWERMENT

Golden Future Computer Centre Free Digital Skills for a Connected Future

The Golden Future Computer Centre — formerly known as Shree Hari Computer Training Center — is a not-for-profit initiative supported by Mittal Analytics.

The centre was inaugurated on 19 April 2025 with the objective of making computer education accessible to students, homemakers and professionals.

Skills We Teach

- Computer Basics
- Internet, Email & Google
- MS Word
- MS Excel
- MS PowerPoint
- Graphic Design
- Photoshop
- CorelDRAW
- Video Editing
- Social Media

The centre also provides foundation classes for children, youth and adults, including learners with no previous computer experience.

Our Approach

Learn → Practise → Build Confidence → Create Opportunity

How You Can Help

- Sponsor computers
- Sponsor a training seat
- Support computer-lab infrastructure
- Provide software/technology
- Volunteer as a trainer
- Sponsor digital-skilling programmes

"Help more learners get online. Open the digital door for someone new."

WORLD MENTAL HEALTH FESTIVAL

Creating Conversations. Reducing Stigma. Promoting Well-being.

The World Mental Health Festival began in 2019 and has developed into a platform featuring:

- Inspiring talks
- Inter-faith meetings
- Children's contests
- Youth contests
- Public contests
- Musical programmes
- Mental-health awareness
- Community engagement

Golden Future also established the Happy Thinking Lab in 2020 and continued mental-health engagement through virtual conferences and spiritual talks during the pandemic.

Why It Matters

*Mental health should not remain a silent subject.
We aim to create environments where people can:*

Talk → Understand → Seek Support → Heal → Grow

CSR Support Can Help Us

1. *Provide quality education to 100 + children*
2. *Pay School bills*
3. *Open school in other area clusters*
4. *Rural Community Outreach Program*
5. *Health Camps*
6. *Mental-Health Events*

HUMAN VALUES RETREATS

Space to Breathe. Reflect. Renew.

Golden Future's residential Human Values retreats began in 2024 as an extension of its emotional-wellness work.

The retreats combine:

- Meditation
- Emotional reflection
- Mindful conversations
- Nature
- Spiritual talks
- Rest and renewal
